Ashlar Cut Slate

**Part Number: FM-3125**

Red, Yellow, Blue

A naturally laminated stone texture, split along parallel planes, hand-tooled to create a more pronounced chipped, fragmented texture with small, deep joints.

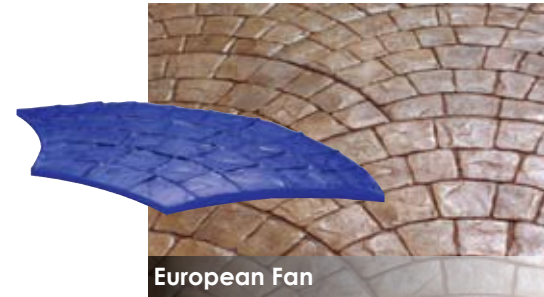

Random Stone

**Part Number: FM-700**

Red, Yellow, Blue

Heavily textured random fieldstones.

European Fan

**Part Number: FM-650**

Blue

Slightly curved, rectangular stones of various sizes, set in a fan pattern.

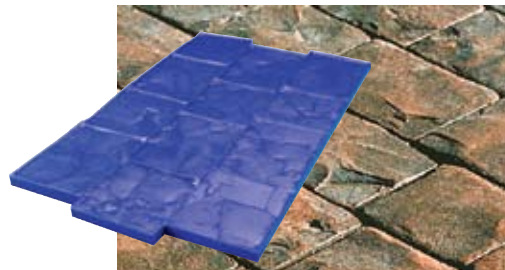

Large Ashlar Cut Slate

**Part Number: FM-3150**

Red, Yellow, Blue

Similar to Ashlar Cut Slate but overall size is larger with a softer texture.

London Cobble

**Part Number: FM-540**

Blue

A traditional, lightly textured cobblestone pattern.

Herringbone Used Brick

**Part Number: FM-5000**

Red

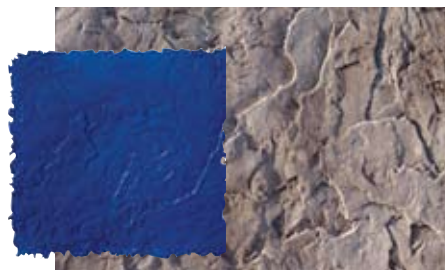

A weather worn brick surface with an uneven texture and rounded, broken edges.

Rotating Ashlar Roman Slate

**Part Number: A-3057**

Combines Ashlar Stone with the texture of Roman Slate. For a true random pattern, simply rotate this stamp in a counter motion matching different sides of the stamps when applied. Available in 4'x4'.

Roman Slate Seamless

**Part Numbers: SK2RS, SK3RS, SK4RS**

Seamless pattern great for any area, inside and out. Designed for Caesar's Palace in Vegas, Roman Slate is now a standard in the industry. It is available in 3 different sizes; 20", 3', and 4'.

Old Granite Seamless

**Part Numbers: BP3617, BP3617A, BP3617B**

Developed from real granite, this pattern resembles the natural stone of earth's crust. The "signature" vein will set it apart from all others. Available in three sizes. 20", 3' and 4'.

## Architectural Accessories

### Texturing Accessories

877-4-BORDER [www.bordercorp.com](http://www.bordercorp.com)

#### Brickform and Proline Pounders

The base of each pounder is attached to a shock-absorbing composite handle that reduces stress on the neck and shoulders. Although these pounders are lightweight, they are extremely durable and pack enough muscle to get the optimum in detail on the concrete surface.

Available in three sizes:  
10" x 10", 12" x 12", 15" x 15"

#### Brickform and Proline Touch-Up Wheels

These wheels are designed to help installers create clean, crisp grout lines. These rollers are very versatile and lightweight making them easy to use, even in the tightest areas.

Available in seven styles.

### Coloring Products

#### Brickform Color Hardener

Used to color the surface of new concrete.

Available in 40 Standard Colors

#### Brickform Antique Release

When applied, this colored powder prevents concrete from adhering to textured mats, leaving behind an antiqued appearance.

Available in 40 Standard Colors

#### Super-Krete Stampable Overlay

Forms a concrete overlay that can be applied in a layer of up to 1/2" thick. Perfect for repair work on concrete slabs, driveways, paths, patios, and steps.

#### Brickform Liquid Release

This colorless liquid forms a barrier that virtually eliminates concrete buildup, keeping mat-type texturing tools flexible, minimizing wear. After the imprinting is complete, Liquid Release simply evaporates, making it ideal for interior applications.
